# HELP!

## THE ANIMALS HAVE ESCAPED!

**Find them. Bring them back.**

An indoor hide-and-seek game

# **We need an animal finder.**

**Someone left the door open.**

**Noah is counting animals.**

**He keeps getting zero.**

## **1 Print, color & cut**

Print pages 3–7 in portrait at actual size (100%), single-sided. Color the eight animal cards on pages 3–4, then cut them out with a grown-up's help. Keep both ark mats on pages 5–6 whole.

## **2 Let the animals escape**

A grown-up hides the eight cards around one room, near a chair, cushion, book or shoe. Use any or all four places; several animals can share one. Keep cards within reach and leave a corner peeking out for younger children.

## **3 Bring everyone home**

Put the two ark mats beside each other. Find an animal, bring it back and cover its matching picture. Keep looking until all eight are aboard.

## **Need a hint?**

Point to a picture clue on page 7 to show where an animal is hiding. Leave the clue sheet whole, or cut out its four large cards with a grown-up's help.

**Again? Let your child hide the animals this time.**
